HEWITT MAKES A RACQUET WITH NADAL THIS NOVEMBER

Bec and Lleyton Hewitt are set to launch a month long fund-raising auction on website eSwap.com.au with proceeds going to Cure Our Kids which supports children with cancer and their families at The Children's Hospital at Westmead.

Items being auctioned during November include personal items donated by Bec and Lleyton Hewitt along with items from; Rafael Nadal, Roger Federer, Ana Ivanovic, William Shatner, Russell Crowe, Toni Collette, Andre Agassi, Steffi Graf, Gwen Stefani, Rudy Guilliani, Miranda Otto and Hugh Jackman.

Lleyton says, "Both Bec and I have been overwhelmed by the generosity shown by many of our friends both here and on the world stage.

"Rafael Nadal has donated the racquet he used to win the 2008 Wimbledon final, Steffi Graf and Andre Agassi both donated tennis racquets while Roger Federer gave us the shirt off his own back!"

Cure Our Kids is dedicated to improving the quality of life of kids with cancer and their families at The Children's Hospital at Westmead. The charity works hard to put a smile on the faces of children who are courageously facing their battle with cancer, while giving their families the support they need to cope.

eSwap.com.au is based on the same principles as eBay.com, but differs by allowing users to buy, sell and swap products.

Once registered as a user, the online auctioning can begin, users can list items for sale, bid on current items already listed or list a product to swap with another user.
